NEEDS AND USES: The information collection requirement is to obtain golf patron information for tee-time reservations, annual green fee dues, to send out emails, and for promotional mailers. This information is obtained electronically when a golf patron comes in to a golf course or online when a tee-time is scheduled online. There are no forms that have been generated for GES; all of the information is maintained within the point of sale (POS) & all of the electronic data resides in a secure, federal cloud. If the information was not collected, this would make daily business transactions difficult at the golf courses.

Respondents are golf patrons who provide business to the Air Force Golf Courses. The information is obtained electronically through the point of sale (POS) or online through the online tee sheet. The information will only need to be collected once; the POS will store the data for future use. The only time the information will be obtained again is if the information of the golf patron has changed and needs to be updated.
